I specialise in weaving bespoke handfasting ceremonies, inspired by the wisdom of Celtic tradition and the sacred rhythms of the earth. Your love story is unique, and your wedding ceremony should be too—one crafted with intention, meaning, and deep reverence for the bond you share.

A Handfasting is an ancient rite of union, a moment where time stands still, and two souls are bound in love and commitment. Whether beneath the open sky, in a forest glade, or surrounded by your closest kin, your ceremony will be an expression of your truth—woven with the words, music, poetry, and rituals that hold the most meaning for you.

You may choose to honour Celtic tradition with rich rituals that infuse your ceremony with magic, or opt for a short and sweet celebration, woven with modern simplicity. From sacred circle castings to elemental blessings, from whispered promises, to your fur baby as the ring bearer, each ceremony is an intimate reflection of your love and the journey you walk together.

Whatever your vision, I offer a wedding ceremony that is heart-led, inclusive, and deeply personal—holding space for your union in a way that feels true to you, filled with beauty, magic, and love.

My offering to you

CEREMONY VISIONING

An initial planning meeting, held in person or online, to feel into the natural flow of your ceremony. This is where your beautiful ideas blend with mine, allowing us to co-create and visualise a wedding ceremony that feels deeply meaningful and uniquely yours.

CEREMONY CRAFTING

With over six years of ceremony experience, I offer a wealth of guidance and bespoke advice to help shape your wedding ritual. We'll explore the symbolism that resonates with your love story—whether you wish to incorporate many sacred rituals or keep things simple and heartfelt, the choice is entirely yours. Throughout the process, I provide phone and email support, offering ongoing guidance and catch-ups as we craft your ceremony together.

CEREMONY DELIVERY

From the moment I am appointed to the moment I utter the immortal words, “You may seal this promise with a kiss,” I am wholeheartedly committed to you. With deep presence, intention, sacred professionalism, and warmth, I will hold and deliver your ceremony with vibrancy and authenticity, ensuring it feels like a true reflection of your love.
