

CEREMONIES WITH SACRED CELEBRANT

*Hannah Lily*

# Your Celebrant

I am a devoted Ceremonialist and Sacred Celebrant who lives closely to the seasons of the land and currents of the rivers. My work is shaped by nature's cycles and the subtle ways life reveals itself when we pay attention. I am endlessly fascinated by the meeting place of the human heart and the natural world... where love, story, ritual, reverence and earth wisdom weave together.

For over seven years I have crafted ceremonies that are alive with meaning. I bring grounded presence, gentle steadiness, playfulness and an intuitive understanding of how to guide people through life's most meaningful thresholds. My ceremonies are soulful yet accessible - rooted in tradition, shaped uniquely around you.

Whether simple or ritual-rich, playful or profound, I approach every ceremony with reverence, professionalism and heartfelt devotion. This work is a calling, a craft and a privilege ~ to stand with couples as they step into a new chapter held by love, land and the truth of their commitment.

## INITIAL CONNECTION CALL

A gentle 30 minute conversation to feel into your vision and to sense whether my approach is the right and natural fit for you both.

## QUOTE PROVIDED

After gathering your initial details, I create a personalised quote based on your ceremony wishes.

## SECURE YOUR DATE

A non-refundable deposit of £150 secures your date in my calendar.

## FULL PLANNING MEETING

A spacious meeting where we explore your story, your values, your rituals and the natural flow of your ceremony. This is where the deeper weaving begins. (ideally held 6-8 months before)

## STAYING CONNECTED

We keep in touch throughout the months leading up to your wedding with emails, calls and check-ins as needed. You are held, supported and never left guessing.

## FINAL PAYMENT

The remaining balance is due three months before your wedding day, ensuring everything is in place and allowing the final stages of planning to unfold with ease and clarity.

## CEREMONY SCRIPT DRAFT

If your ceremony is to be fully scripted, it will be crafted with care and sent to you for review, with refinement and finalisation completed four weeks before your wedding day. You'll have plenty of space to adjust anything that needs tending so the ceremony feels authentically yours.

## FINAL MEETING ~ 2 WEEKS BEFORE

A grounding conversation to walk through the ceremony, finalise details and ensure you both feel steady, relaxed and ready for the day.

## DAY BEFORE ~ REHEARSAL (OPTIONAL)

If you wish, we can walk through the ceremony the day before. This gentle rehearsal helps everything settle so you enter your wedding day with confidence and calm.

Depending on the location - this may incur an extra cost of accommodation.

## DAY OF CEREMONY ~ EARLY ARRIVAL & SET-UP

On the day itself, I arrive early to prepare the ceremonial space and work alongside your suppliers. My intention is to hold a smooth, harmonious atmosphere, ensuring you can relax fully into the magic and presence of your ceremony.

# Ceremony Investment

Your ceremony is the heart of your wedding day the moment that anchors everything else. The time, presence and devotion that go into crafting, shaping and holding this moment are significant and each package is priced to reflect the depth of care, skill and soul I bring to this work.

I honour each couple by taking only one ceremony per day, giving you my full attention and energy. Your ceremony is not squeezed between others and you are never rushed.

From the moment you book with me until the moment we stand at the altar, I am devoted entirely to your experience. I hold a keen personal investment in the couples I walk alongside; by the time we reach your ceremony day, a real bond has formed one that allows me to hold your ceremony with authenticity, warmth and grounded presence.

*This is more than a job to me. It is a calling, a craft and a privilege to stand with couples as they step into a new chapter surrounded by the land, the people they love and the truth of their commitment.*

My pricing reflects not only the ceremony itself but the months of connection, guidance and preparation that shape it. With years of experience as a ceremonialist, I craft ceremonies that are intentional, heartfelt and alive with meaning.
